

Teenager summer programme 2011

Discover Nice and the Côte d'Azur and improve your French with fun

French for teenagers (aged 12 to 16)
July 3rd - August 6th 2011

French tuition programme

Classes take place from Monday to Friday between 9.00 and 12.15 on the school premises.

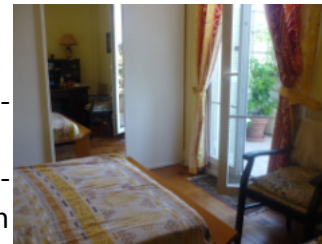

Students will study in small groups of no more than 15 students. Emphasis will be on spoken French. Teaching will be dynamic and entertaining, and will include games, songs and role-playing. All members of staff are fully experienced in teaching French to teenagers.

PLEASE NOTE THAT COMPLETE BEGINNERS ARE NOT ACCEPTED.

Family accommodation and meals

The programme includes family accommodation. Each selected family will accommodate a minimum of two students, in double rooms. Our families are used to having teenagers and remain in close contact with the school, which allows us to supervise the students with great care.

Most families live within walking distance from the school or are in easy access by bus or tramway. Breakfast and dinner will be provided by the family. The school will provide a packed lunch.

Social programme

A) Included in the package

A variety of activities are arranged for the students by our tour leaders. These activities take place after classes, between 13.30 and 18.00 on school days and from 9.00 to 18.00 at weekends, in the form of full day excursions or outdoor activities.

During the week, the participants will be accompanied to the beach, in Nice, by our supervisors, where they will practice different sports and swim under supervision.

On Saturdays and Sundays, they will explore the region accompanied by a tour leader and an official guide or practice an outdoor activity (see detailed programme).

B) Other activities: not included in the package

Students who wish to participate in other sports will be allowed to do so at a cost:

- tennis: one week course
- sailing: one week course
- kayaking: per day in a group only
- underwater diving: per day

These sports will be taken care of by organisations legally declared. The school will require parental consent. Please inquire at school for more details.

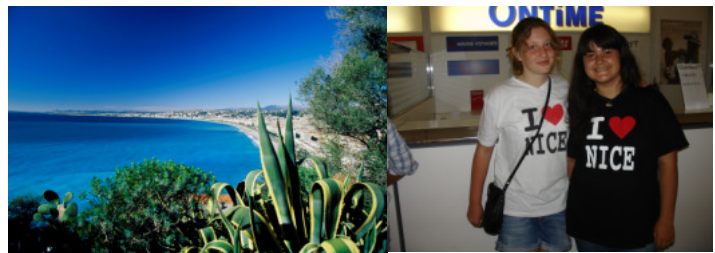

Welfare

All students will be met at **Nice Côte d'Azur International Airport** on arrival by their family who will accompany them to their home. The families will take them back on departure. All members of staff are authorized to work with teenagers in accordance with French legislation.

Participants will never be allowed to walk in town alone. They should always be with their roommate.

Please ask us for a copy of the teenager course handbook. It is essential that parents and trip organizers read this information.
